

- Dry Erase markers can be wiped off using a standard eraser, microfiber eraser cloth or any dry cloth. Permanent markers may be removed using a standard glass cleaner.
- Periodic cleaning may be performed using glass cleaner. Avoid using abrasive type cleaners as they may dull or “pit” the surface of the glass.
- Always use a soft cloth, towel or microfiber cloth from Calyx to clean your Calyx Glass writing surface.
- Avoid cleaning glass if the surface is hot or in direct sunlight.
- Avoid leaving tape or other adhesives on your glass writing surface for long periods of time.

Recommended Accessories:

Dry Erase Cloth

Product Code ECM227E - each
ECM227D - 1 dozen

- 12"x12" Microfiber eraser cloth with a small magnet
- Erases cleanly with no smearing
- Reduces marker residue build-up

Magnetic Eraser

Product Code MGM-ME1

- Black felt eraser with strong rare earth magnets
