- Custom designs available

PANELS

Calyx Acoustic

- Calyx Acoustic panels are the perfect solution for any application where sound reduction and aesthetics are required
- Available in 5 standard and 19 optional colors
- This 100% polyester material is sound absorbing with an NRC range of 0.45
- Makes for an ideal tackable surface

[View Calyx Acoustic Colors HERE](#)

Clear Acrylic

- Transparent material with optical clarity
- .22 Acrylic is lightweight while still providing optimal strength within the panel
- Easily washes with soap & water
