

VENUE Markerboard

ASSEMBLY INSTRUCTIONS

Parts Included:

Venue markerboard
3" Z-bars (amount varies with board size)

Tools Needed:

Drill/driver and recommended 9/64" drill bit
Level guide
Straight edge

Instructions

1. Mark the wall at the desired height of the top of the board.
2. With the board lying face down. Engage the 3" hanger into the top trim and chalk trays built in hanger.
3. From the top of the board. Measure the distance to the bottom of the 3" hangers.
4. Transfer those measurements to the wall down from desired height mark
5. Strike a level line on those measurement.
6. Using half the hangers for the top and half for the bottom. Mount the bottom of the hangers on top of the line spaced apart evenly. (Use appropriate wall fasteners.)
7. Using a straight edge. Check to ensure hangers don't deviate from the wall. If so shim accordingly.
8. Place the board slightly higher than the hangers on the wall. With the board against the wall lower the board to engage the hangers
