Giving you
the tools to

Teach

Calyx by Claridge products can be found in prestigious colleges and universities, school offices and campuses across the country. Backed by over 75 years of crafting the world's finest writing surfaces, Calyx offers a complete set of solutions for the new world of education. Offering the best in class writing surfaces, glass and porcelain provide greater durability, scratch- and stain-resistance, and color options to enliven your space.

LCS Porcelain

With their low reflective surfaces, porcelain boards are a great choice for brightly-lit spaces. Non-porous porcelain surfaces come in magnetic versions and can double as a projection screen. 6 standard colors.

Glass

Premium glass surfaces offer sophistication and dimension where presentation matters. Glass meets the highest standards for cleanliness and comes in magnetic variations as well. 10 standard colors, plus custom colors.

Fully Customizable

As the writing surface experts, this is what we do best! Custom print anything from school logos, to photos, to art, in unlimited colors on our glassboards!

From high-contrast porcelain, to elegant glass, cork or chalk, there's no wrong choices, just options when it comes to Calyx whiteboards.
